

The Medical Specialties degree program has several career options, including:

- Medical Assistant
- Pharmacy Technician
- Medical biller or coder.

Depending on the career option chosen, licensure or certification may be required for employment in some states for the graduates of this program.

 Wisconsin

## General Disclosures – Biller/Coder

Based on our research, we do not believe there are any licensure/certification/registration requirements for employment as a Biller/Coder, but it is advisable to check with your state agency.

*\*The licensure/certification/registration information on this page about **Pharmacy Technicians** and **Biller/Coders** is applicable only to students in the Medical **Specialties** version of the Medical Assisting AOS program. Students enrolled in the Medical **Assisting** version of the program should refer only to the licensure/certification/registration information for Medical Assisting. If you are unsure which version of the program you are enrolled in, please contact the College.*
